“...YOUR PROCESSES AND PERSONNEL ARE INTACT...”

Duluth, GA– November 2006: During a recent Customer visit, Amware’s Customer Solution Development Team had the great pleasure of presenting the ‘faces behind the brand’ to one of our esteemed and long-time customers.

This company joined Amware while under the operating name, Distribution Services of Atlanta (DSA); this was our first opportunity to celebrate Amware’s acquisition of DSA with their team, and present our management philosophies and skilled Craftsmen at the board room table.

“We want to thank you again for the time you have given us during our visit in your area”, said their Vice President. “We were very pleased with your presentation of your organization as well as the information divulged to us about the new parent company, Amware. Your processes and personnel are intact and we are confident that doing business with DSA today and in the future will be right for our company”.

Since early 2004 our team of Craftsmen have been aiding this customer with their Hazardous and Non-Hazardous Chemicals. Their products arrive by Drum, Pail, Box, and Tote, and as their Vice President graciously confirmed, we have provided them with a high-level of customer satisfaction throughout our history together.

“It is with great honor that we will continue to perform warehousing and logistics services for this customer”, offered Kristie Jeng, Amware’s General Manager. “We look forward to continuing to grow and gain market reach together, and to support them in their core business objectives”.
